Meeting notes taken by Marjorie

Anri- portfolio for personal use site that we offer DA Service Company
All agree
Lulul talk about how we need to be able to build onto it through
Landing page
Francisco says style one person in charge of font-
To do's by next Monday Header :
1. **Francisco - Landing**
2. **Service Page- Marjorie**
3. **Contact us- Anri**
4. **About Us- Lulu - everyone needs to add image and contact about self that meet requirements that are posted**

service page
about us - each does our own
Most information- sports marketing -
Calls to action- Contact us- Keep it simple
To do- gitub- understand if it would be useful or not
All use Teams right now
Lulu has a great starter sheet for Francesco that will work for a starter page
Monday- same time meetings 6PM- Header and footer done by

Meeting 2 9/5/2022

Participants present: Lulu, Marjorie, Francisco, Anri
Meeting notes taken by Lulu

Lulu showed location to access the team's assignment notebook
Lulu noted it was good to read the posting on 20-web-design-principles-follow and 100 color combination ideas and examples

Francisco worked on the style sheet and presented and shared the initial landing page with style sheet
Team agreed to move the menu links from right side to left side
Team member created GIT accounts prior to meeting
Lulu created a GIT repo for Group 10 assignment 1
Initial landing page, style and folder setup was posted into GIT .
A branch was created for each team member to work on their pages.
Lulu showed the team on how to use VS code studio with Git repository and clone the main assignment1 repository

To do's by next Monday
1. **Team work on assigned pages from initial clone from main**
2. **Image of self and details of each of about us to post in teams notebook**
3. **Lulu to check why team could not push their changes to their git branch**
4. **Team need to complete their setup for git on email and username**

Next meeting Monday at 6pm
